H.L.C.A. NEWSLETTER 1998

PRESIDENT'S MESSAGE

While the summer of '97 has long passed, it will surely be remembered fondly for its warm July and cooler but pleasant August. I'm sure many are grateful to El Nino for our mild winter, fellow snowmobilers and winter enthusiasts may not share the same views.

The fireworks show last July 1ST was exceptional, thanks to Mother Nature and the ceaseless efforts of Dave Freeman. I've never seen so many boats out on the lake at night and the numbers on the beach were also exceptional. Thanks to all of you who gave donations for this event and I hope Mother Nature will again come through in appreciation of your support. As always, we can count on Dave and I hope we can count on you.

The Cottagers' Association's funds received a big boost again this year thanks to the efforts of Norm Waddingham and Dianne Kelly who ran the kid's and adult bingo nights this year. For those of you who haven't been out, you're missing a good time. I'm sorry to say that, after many years of tireless effort, Norm has stepped down as a Director this year and he will be sorely missed. Norm and Hilda celebrated their 50TH anniversary this past year and we wish them many more. Thanks Norm and Hilda — FROM ALL OF US.

Fortunately, for HLCA, Dianne Kelly is a school teacher and is able to devote much of her summer to ensuring that Haliburton Lake can offer a first class swimming program for the kids. Dianne will be there again for us this year and we hope your participation will again make it a great success.

The weather for our Regatta Day was great in '97 but it wouldn't have happened without the many volunteers under the able direction of Don Barker. Thanks also to Gary Shearer and all the volunteers who ran the food booth at the Regatta. Your participation in this wonderful family day is greatly appreciated and allows us to provide the many services available to cottagers on our lake. Thanks for a great job Don & Co.

For anyone who missed our New Year's Dance, you have my sympathies. Barb Hammond put on the best New Year's Dance I've ever seen on Haliburton Lake! Barb & Vince Hammond, Dave Freeman, Eric Kuiper and other volunteers set a very high standard to meet. Great food, outstanding door prizes (Right Lisa), great music and a sell out crowd (get your tickets early next year) made for an outstanding event. Not only were the

Hammonds instrumental in our New Year's event, they also ran the May 24TH Wine & Cheese and the August corn roast with the help of Merle Collins. We are grateful for everyone's contribution.

Many thanks to those volunteers who ran another successful Poker Run / Radar Run and Dance in February. Another event that benefits our members financially as well as socially. Nice dealing Ron and Kelly!

As cottagers, I think you should also be aware of the many hidden contributions made to us throughout the year that directly impact our ability to finance many of our projects. To name just a few, thank you Mike Fimio for building the new docks at the public beach and plowing out the hall for our winter events, Kay Enterprises for installing the new windows in the hall free of charge, the Stonewood Printing Company for printing our Newsletter at cost for the second year, and to Christine Collins for being forever patient, putting up with us and making this Newsletter happen, and to all our numerous volunteers who are there to support us year after year after year. And finally, many thanks to Dave Freeman for having a hand in every event or project we undertake — I'd hate to imagine how much less we'd achieve without your support.

See you at the general meeting and Wine & Cheese on May 24TH weekend!

Yours sincerely,

Mark Metcalfe

BINGO! BINGO! BINGO!

Don't forget to join us on Tuesday evenings from 7:00 p.m. to 8:00 p.m. for **KIDS BINGO**.

Children of all ages are welcome to join us. All we ask is that any child younger than 6 years old be accompanied by an adult. Some nights last summer we counted as many as 60 children join us for the fun and prizes. Thank you to all the parents who gave a helping hand. Some nights we were hopping from one place to another trying to find chairs and places for the children to play. Then there were the nights when Norm was without a microphone and the parents had to be very quiet so that the children could hear the numbers being called.

We had pop and chips available for the children to buy if their parent's wished. The money helped to offset the cost of the prizes and candy.

See you on Tuesdays in July 7, 14, 21, 28. August 4, 11, 18

BINGO! BINGO! BINGO! AND MORE BINGO!

Come out and join us for **ADULT BINGO** on Thursday evenings at 8 p.m. You might not get rich in one night but we sure have a lot of laughs. There were a few tense moments this summer, for instance, there were the nights Norm was without his microphone or the night that Norm was away and I had to call the numbers, and read a few numbers backwards. Boy was I popular! Anyway, once I put my glasses on I managed to get through the evening. Whatever happened, we have lots of fun, so plan on joining us this summer.

See you on Thursday evenings July 3, 10, 17, 24, 31 and August 6, 13, 20, 27!

\$\$\$\$\$\$ CASINO NIGHT \$\$\$\$\$\$

What can we say — no one gets rich but no one can lose their shirt either. Casino nights at Haliburton Lake are the furthest thing from Casino Rama or Niagara but those who attend, have fun and in some cases (rare) leave with more than they started with. Each year we seem to attract a few more, and of course, the regulars make sure to attend (even one in a tux). Thanks to the regular bunch who come to cover the tables, Cliff and Joanne, Norm, Eric, Angie, Merle and Christine just to name a few, who without, I couldn't cover this event. To all who attended and helped, I hope to see you there again this year.

Mark your calendars for Saturday, July 25th and Sunday, August 30th, both evenings starting at 8:00 p.m. at the HLCA Church Hall.

CORN ROAST

H.L.C.A. held the annual corn roast at the Public Beach. As par for the course, rain fell all day long. The rain gave up, and the corn roast began. Twenty dozen cobs of corn were devoured as well as the many (sorry don't have a count) hot diggity dogs. Great turnout and a nice evening.

Special thanks to "our people" Cliff and Joanne Thomlinson, Chris and Merle Collins. P.S. This year's corn roast will be held on August 15 at 6:00 p.m. at the Public Beach. Hope to see you there!!

HALL AND EQUIPMENT

The hall didn't see much in the way of renovations over the past year, as we have been making an effort to prioritize all that had to be completed. This year should see the kitchen finished with a new stove, kitchen sink installed and a vinyl floor laid. An offer has been made by Paul and Laurie Hillaby and Sandy Barry to lay a floor covering in the washrooms, hall and kitchen to help protect the plywood floors and make it easier to clean. The replacement of the toilet in the men's room, and replacement of the sewage pump are also a must.

Last year finally saw the replacement of the floating docks at the public beach. This has been on our agenda for the past couple of years, but came to a head last spring when we realized the repairs to the existing docks were futile. Thanks to Mike Fimio, who approached HALIBURTON LUMBER with our dilemma, a most generous offer was made to the HLCA.

Jim Scheffee and Murray Fearrey of HALIBURTON LUMBER made the offer that if we were to purchase a new floating dock and approach, they would match our purchase with the same. Thanks to the generosity of these gentlemen, the regular users of the beach and our swimming classes now have new and secure facilities at their disposal.

Thanks again to Mike Fimio for the winter snow removal at the hall this winter.

Dave Freeman

HALIBURTON HOSPITAL DONATION

The following letter was received from Eunice Heyes of the Haliburton Hospital Ladies Auxiliary.

*Haliburton Lake Cottagers' Association,
c/o David Freeman
Box 56, RR#1, Fort Irwin,
Haliburton, Ontario
K0M 1S0*

January 1998

Dear Dave,

Our apologies for the long delay in voicing our sincere thanks and appreciation for your Associations' continued support.

Your cheque will be placed in our TELERADIOLOGY FUND. This machine will speed up the X-Ray readings by the specialists in Peterborough, and hopefully there will be no more long waits for the more serious cases waiting for a proper reading of their X-rays.

Again our thanks to your association,

*Sincerely,
Eunice Heyes*

The donation referred to in this letter was \$200.00 from the Nevada fund. This donation reflects an impressive \$640.00 the HLCA has been able to donate through the sale of Nevada tickets and bake sale revenues. To date, our donations have been used towards the purchase of a new and most up-to-date X-ray machine, updates to the furnishings in the existing hospital rooms and now towards this new Teleradiology machine. Let's keep buying those Nevada tickets and ensure the continued donation to this, a very worthy cause.

The Haliburton Hospital has finally received final approval for a long overdue and awaited expansion. The Minister of Health and MPP Chris Hodgson were present for the sod turning and it looks like after many years of waiting and red tape, the expansion is to start in the spring of 1998.

MEMBERSHIP REPORT

We had another great year. Our memberships for 1997 totaled 304. We have 285 full members and 19 associate members. Although this is great, wouldn't it be wonderful to have all the cottages on Haliburton Lake as members? We can all help to make this possible. Ask your neighbour if he is a member? Introduce yourself to the new owners of cottages on your road and encourage them to become members. With everyone's help we should be able to increase our membership next year.

Last year we changed our membership form to make things easier. Remember when you are filling in your form to check off the appropriate boxes. Thanks to all the people who sent suggestions and checked off boxes. We appreciate your comments. If you are new to the lake, the criterion for membership is as follows:

A full membership is purchased by the primary owner of the cottage property. This may be either the parents or adult children who reside at the cottage. A full membership entitles you to a plaque, a yearly sticker, a membership card, the newsletter, access to all our events and a discount for our swimming program.

An associate membership is purchased by the secondary resident(s) of the cottage. This will probably be the adult children of the cottage owner. **In order to apply for an associate membership, a full membership must already have been purchased for the cottage property.** An associate membership entitles you to a membership card, the newsletter, access to all our events and a discount for our swimming program.

If you have any questions regarding membership or anything else regarding the lake activities, just contact one of the Directors. We use your membership fees wisely and appreciate them as we try to give you a productive and enjoyable summer. I hope you all have a terrific summer.

GET WELL SOON

Poor health and extended hospital visits have plagued a long time HLCA Board Director and his wife, also a Director in the past. Norm and Hilda Waddingham have had an extremely rough go of it over the Fall and Winter and it is the wish of the Board of Directors and membership that they are now on the road to a speedy recovery and will be able to spend their summer here at the lake, where they belong.

MEMORIAM

Bill Patterson

Bill Patterson, cottager and resident on South Bay since 1970, passed away on January 25th, 1998, at Oshawa General Hospital following a short illness. The family will still remain active in the community, while retaining the primary and neighbouring cottage on Haliburton Lake.

David Harold Knapp

David Harold Knapp, 47, passed away on December 31st, 1997, at his home in Uxbridge. He is survived by his wife Lynda, sons Dave and Jamie, sister Susan Eberle and husband, Gary and parents Eleanor and Harold Knapp. David grew up spending his leisure time, both summer and winter, at his parents' cottage. In later years, he bought one for himself and his family. David loved all the aspects of the lake, which I am sure we can all relate with.

David will be sadly missed by his family, parents and friends.

J. Douglas Hodgson

J. Douglas Hodgson, born and raised in Haliburton, passed away on December 11th at the Haliburton Hospital after a lengthy illness. He started his teaching career in Haliburton in 1953 to 1955, only to return when hired in 1963 as the Principal of the High School. Six years later, in 1969, he was appointed as the first Director of the Haliburton County Board of Education. A storyteller, historian, leader in the education field, he expected hard work, loyalty and deep commitment from his fellow workers and in return was unfailing in his support, encouragement, friendship and concern for your welfare. Doug was the second of 7 children born to Phyllis and Clayton Hodgson (long standing Member of Parliament). He was one of 4 children (Doug, Anna, Margaret and Tom) who would pursue the education field as their calling, whereas two others, Glen and Lou would follow their father in the political field. Carrying on the Political tradition, is one of Doug and Barb's children, Chris, who now makes the third generation of Hodgson in the political field. (Chris started as Reeve of Dysart and is now the Chair of the Management Board, Minister of Northern Development and Mines and Deputy House Leader). Doug and Barb lived and raised their children (Katherine, John, Chris & Andrew) in Haliburton on

Kashagawigamog Lake. Doug retired in 1984. Over the past 8 years, Doug and Barb were residents of Haliburton Lake, having renovated their cottage to become their retirement home.

Doug is pre-deceased by his son John, who passed away in 1970 after a battle with leukemia and his brother Glen, last December.

Doug's laughter and stories, general interest in your life and goings on, has left those who knew him at a great loss. He is sadly missed by all.

Elizabeth (Betty) Fimio

Elizabeth (Betty) Fimio, long time visitor to the lake and mother of Mike and Freddie, grandmother of Jesse and Dusty, passed away this October at the age of 72, after a short illness, in hospital. Betty was happiest when here at the lake surrounded by friends and family.

Elmer Noad

Elmer Noad, suddenly at home on November 14th, at the age of 82. The Noad family started coming to Haliburton Lake in the early 70's, staying at Kia Ora Cottages, and loved it so much, bought their own cottage in 1976. Elmer is sadly missed but happily remembered by Ron and Kelly, Jerry and Mari, his friends here at the lake and in North York. Elmer was pre-deceased by his wife, Kathy.

MEET YOUR NEIGHBOUR

The 1st official long weekend of the cottagers' year — May 24th. You fight with those pesty black flies and then curse yourself because you can't remember where you put those key parts to the pump, then you clean up and head to the hall. What a great opportunity to say 'Hi' to all your cottaging friends and get caught up on the last six months.

You devour some extraordinary cheese and pate, wash it down with lots of fine wine and continue to make your rounds.

We are happy to say the turnout last year was FANTASTIC! All the wine disappeared along with the food. Please sketch in your book May 16th this year. The only difference with such a good turnout, we have decided to hold our General Meeting first, then the wine and cheese.

So please bring your concerns and join us at the H.L.C.A. Hall May 16th following the Annual General Meeting!

Barb Hammond

NAVIGATION

As I noted in last year's report, the navigation marking system had been undergoing a retro-fit to the new 4-foot tall markers. Well, the system has been completely changed now, and the only thing left to do is remove the old wooden posts in the channel.

I am happy to say that for the first time in many years, the mysterious disappearing marker, located in the narrows between the big and small part of South Bay, stayed for the whole year. I am pleased that whoever was responsible in the past for the removal of the 6 markers, saw the purpose and logic behind the positioning of this marker and decided to leave it be.

With the completion of this change, I am pleased to announce that the navigation chair now passes to Vince Hammond. This change coincides with my moving into the Treasurer's position, but I will still be available to help Vince and produce more markers when required. Good luck, Vince.

Any problems, concerns for other areas to be marked or to report missing or damaged markers, please call Vince or Barb and they will rectify the problem ASAP.

Eric Kuiper

***Note from the Board of Directors**

Thanks to Eric Kuiper and the guys at his Thruway Muffler Shop in Toronto for the manufacturing of these new markers. We must also thank one member (who wishes to remain anonymous) for the donation of the reflective tape that allows for night visibility of the markers. A donation like this has saved the association a considerable amount of money and allowed us to put that money into producing a few spare markers, needed for replacement of damaged or missing ones.

NEW YEAR'S 1997

The Annual New Years Eve dance was held at the H.L.C.A. Hall. Advance ticket sales began in August. Doors were closed early because of a "sold out" crowd.

Wonderful door prize — Weekend Away for Two including breakfast for two and dinner for two at the Pinestone Resort. Many thanks to the Pinestone for offering a generous prize.

The food was catered by the Butcher Block. Hot and cold buffet. Great food and lots of it!

Thanks to Sandy Barry and Chris Collins for their help in decorating. Special thanks to Merle and Vince for their two day attempt at trying to refill our well.

The following names are the winners of the many prizes donated. Special thanks to the people who made the donations.

THE 1997 REGATTA REPORT

Again last year the weather co-operated right up until the end of the day which unfortunately called off the great "TUGS-OF-WAR". Other than that the day seemed to be a great success with the help of the trusty volunteers that always come through. The food tent this year was again very successful, and the chicken strips and chips combo really hit the top. Thanks to Gary Shearer, Al Knight and all their great helpers. Dave Bright did his usual good job on the loud speaker and I think he is training Lucas Barry for the future — good work. The Water Ski Show put on by Chris Sutton was exciting as always. The Marathon Swim was great — The Great Canadian Collection had great turnout — I could go on and on about all the events, but the bottom line is "Thanks to all my great helpers; Lesley Reilly, Patty Shearer, Dianne Kelly, Bill and Roberta Barker, Mark Metcalfe, Kelly Poole, Sue Knight, plus all the volunteers at large, and last but not least, David Freeman without whose help these functions would not survive I'm sure. The best of luck with this year's Regatta!

Sometimes, a lot of words aren't necessary. Take real estate for example. Just take a look at the shadow to the right. It says it all. You recognize what it is, you know who it is. Because of advertising, you KNOW without a lot of fan fare. You know you can trust them. You know your property will get MAXIMUM exposure, and you know the RE/MAX Agent who is on that sign will work above all the rest for you. He or she will get your property SOLD!

When you want to sell your cottage, you want maximum exposure.

Why on earth would you have any other real estate sign on your property?

RULES OF THE LAKE

The following is a list of items to keep in mind when you are enjoying your cottage life. For those of you who rent your cottage this should be placed in a prominent position, as many renters are unfamiliar with some of unique conditions surrounding country property.

1 WATER QUALITY

- (a) Never attempt to kill weeds in lake with any used killing agent or chemical. This is a crime under the Fisheries Act, and carries a stiff fine.
- (b) Don't use soaps, shampoo or detergents in lake.
- (c) Don't use fertilizers on lawns or gardens near the lake.
- (d) Don't pour fuels near water or on the dock.
- (f) Don't idle boat motors when not necessary.

2. BOATING SAFETY

- (a) Keep bailer, oars, and lifejacket for each passenger in the boat at all times, and at night carry a flashlight (or use your runninglights).
- (b) Observe the 5 MPH SPEED LIMIT under the bridges and through the channels.
- (c) When water skiing wear a life jacket, have a spotter in the boat, keep clear of swimmers, and stop your motor when taking skiers aboard.
- (d) Swimmers in open water must be accompanied by a boat.
- (e) Replace worn or leaky fuel lines.
- (f) It is illegal to consume any alcoholic beverages in a boat. Driving a motor boat while impaired is a criminal offence.

3. COTTAGE SAFETY

- (a) Remove your valuables, guns and liquor from the cottage when closing for the season.
- (b) Identify your valuables with an engraver (available from OPP in Minden) by placing a distinguishing mark in an inconspicuous place.
- (c) Keep a supply of candles and flashlights on hand in case of a blackout.
- (d) Keep a first aid kit on hand. Replace consumed items and be sure to check the expiry date.
- (e) In the winter don't park on ploughed roads.

4. ENVIRONMENTAL PROTECTION

- (a) When using the dumps make sure all the garbage goes entirely over the hill. Messy dumps have been closed by the Municipality in the past.
- (b) Put ONLY household garbage in the dumps. NO BRUSH, BOATS, FURNITURE, ETC. ONLY IN DESIGNATED AREAS. If you are doing renovations, use a dumpster and tell your contractor not to put wood, shingles etc. into the dump.
- (c) Please keep our public beaches, lake, and roadsides clean. Put garbage in the cans provided.
- (d) Don't peel bark off, or otherwise mutilate living trees.
- (e) Remember to recycle bottles, cans and newspapers etc.. Recycling bins are available at the dumpsite.

5 SEPTIC TANKS

- (a) Septic tanks can handle all household wastes, including those from toilet, sink, showers, baths, washing machine and garbage-grinder. The amount of grease, household cleaners and disinfectants ordinarily encountered in the household kitchen will not have any detrimental effect.
- (b) DON'T allow any paper towels, disposable diapers, sanitary napkins, tampons, cigarette and cigar butts, newspapers, wrapping papers, or rags to enter into tank.
- (c) Don't add any chemicals to the tank. No products are required to clean the tank or accelerate or improve its action. All necessary bacteria are present in the tank and once the anaerobic process begins, nothing special needs to be added.
- (d) DON'T OVERLOAD YOUR TANK. If you are having a party, be sure you know the capacity of your tank.
- (e) Don't let any water from roof drains, foundation drains or any other source of runoff, enter your septic tank.
- (f) Inspect your tank annually to see if cleaning is required. If so, call a reputable pump-out service. Regular cleaning will save you money in the long run.

If everyone takes heed of the above rules our properties will keep their high value both in dollars and in beauty for many generations to come.

9th ANNUAL FORT IRWIN POKER AND RADAR RUN
 * * * * *

The weather man or El Nino tried their best to throw a horseshoe into this event but as always we find a way to cope with whatever is sent our way. This is totally due to the die-hard patrons who come out to support this, our only winter event. The extreme changes in the weather made for very unstable ice conditions and at the last minute, a decision had to be made to change the pre-planned route and move it to a completely dry land route. The ice conditions for the radar track were not the best, but we were better off than others because of the efforts of Al Barron, Mike Fimio, Eric Kuiper and myself who made an attempt prior to the event to pack the slush and snow and build a raised ice surface.

Congratulations to Lisa "B" Kalter who was the successful winner of the 50/50 Poker Hand of \$400.00. A special note that Lisa was also the winner of a \$125.00 Nevada ticket that same evening, and if that's not enough, winner of the New Year's Party door prize of a weekend for two at Pinestone Resort.

*A suggestion to Lisa's boyfriend, Dave Allen, let Lisa buy the lottery tickets.

NEWSLETTER SURVEY REPORT

Last year a newsletter survey was included in the mail out. First I would like to thank all those who took the time to complete the surveys and return them to me. I truly appreciate all the kind words included in the completed surveys...it's nice to know that you are enjoying the newsletter!

Some residents included suggestions or concerns and I have passed those on to the appropriate people who might be able to best address them.

There were some suggestions for programs that might be included in our schedule of events. Unfortunately, not all are possible and all of our events are run by volunteers, so choices have to be made. We do hope that you will be able to join us at some of the fine activities this lake has to offer! All are welcome!

It was noted by an overwhelming majority that the format of the newsletter should not be changed at this time. So it will remain as before... for now. (Time unavoidably brings change.)

Once again, thank you for your responses and enjoy your new 1998 newsletter!

Christine Collins

TEEN DANCES

Wow! What a great summer. Every Friday a Teen Dance was held at the hall 8:00 to 11:00. Again, Wow! Another successful year of Teen Dances and thanks to everyone who showed up. Whether they got up the courage to get out on the dance floor or decided to socialize with the others, everyone seemed to enjoy themselves. Next year, hopefully, we can attract some new teens (pre-teens) to join the fun and come out to meet the rest of the 11-17 year olds on the lake. We welcome Kevin Woodrow, who will take over the DJ's job for the next summer. Remember the dances are every other Friday night (see the calendar attached for dates) and are supervised by volunteers.

Once again thanks to all the teens who supported the dances.

Gray and Julie

Afternoon cards

As there have been several requests for 'afternoon cards' on the lake, we are going to offer on a trial basis An Afternoon of Cards at the H.L.C.A. Hall on Monday afternoons in July.

It will run for a period of three weeks on July 13, 20 and 27.

Time is 1:30 - 4:00 pm (providing enough people attend each week to sit tables for cards).

So come out and join others or bring your friends! No level of ability is required...this is for fun!

The success of this program depends on you!

CONGRATULATIONS ARE DUE...

Former cottagers', Pat and Wally Radko, (3078 Dignan Drive) are celebrating their 50 th wedding anniversary this June! The Radko cottage is now owned by their daughter and son-in-law Debra and Al Starr. The Board of Directors, on behalf of the membership of the HLCA, would like to wish Pat and Wally all the best on this joyous occasion and wish them many happy years to come.

BELIEVE IT OR NOT!!

Population boom in Slipper Bay...

Congratulations are in order to Paul and Gwen Wilson of Curry Drive on the birth of their 1st child, Mitchell Alexander Wilson, born March 29th, 1998.

Is it something in the water or is it just a coincidence that Mary Lee Metcalfe and husband Bruce West and big sister Kaitlin, are celebrating the birth of their baby boy, Sean Donald Graeme West, also born on March 29th, 1998.

Two from the same small bay is hard to believe, but believe it or not...

Congratulations to Ron and Judy Anderson, the proud grandparents of Andrew Charles Gdanski, born February 7th, 1998.

Looks like the slippers have been off more than on in Slipper Bay...

FIREWORKS

Things only seem to be getting better! The oohs and awes louder! The flotilla of boats flourishing! The whistles and horn honking increasing! Donations overwhelming! This leads me to believe we are doing something right.

An awe inspiring \$793.60 in donations were received from you the cottagers, coupled with another grant from Heritage Canada for \$400.00 to bring our donation totals to \$1193.60 or just short by \$410.68 from breaking even.

Each year the financial support has increased and I have tried to keep the amount spent within the same ball park. Your continued endorsement has led me to believe this is an event that you want and are willing to support both monetarily as well as in numbers present, so this year I will try to add a little more flourish plus a few more higher end display shells.

Again I must thank Al and Sue Knight for transporting the fireworks from Milton and saving a very expensive shipping charge. Thanks to Eric Kuiper for the assistance in putting the floating buoys in to keep the flotilla of boats back from the firing area. And as always to Bob Heinze, joined this year by his daughter Sheryl, with assistance throughout the complete firing and clean up to follow. To Elizabeth and Richard, who made sure that all of the young spectators received something from the generous supplies of flags, pins, calendars, hats etc. that accompany the Heritage Canada grant.

FLY BY ON THANKSGIVING

For the third year in a row, the HLCA has offered scenic sight-seeing plane flights around Haliburton Lake and area. With 42 taking part in this year's event, this brings the total to 130 people who have taken part in what has become a favourite & fun family outing on Thanksgiving weekend.

Barry Day, owner of Day Airways and the DeHaviland Beaver aircraft in which we tour the skies over this, our northern paradise, has come to look forward to this weekend each year, almost as much as some of his repeat customers. That's right, some cottagers were so thrilled the first time that they have come back each year to take part in this special event. Barry is most accommodating in his efforts to get everyone to see their cottage from the skies above.

This year's tour again took us up over the north end of Haliburton Lake, over the hills and around Percy Lake, back to Haliburton Lake, around South Bay over to Fort Irwin and back up the main lake to Kia Ora Cottage Resort, where Eric has been so accommodating over the past couple of years in giving us a perfect takeoff location.

For the second year in a row, the weather could not have been better and although the colour had passed its peak, there was still enough for a show, which only heightened the thrill and splendour.

The plane ride is on again this year, Thanksgiving weekend, Sunday, OCTOBER 11th, 1998, again from KIA ORA Cottage Resort at the end of Curry Drive North. (Remember the plane holds 6 at a time.)

For more information or to book a time, call 754-3312.
